

Women and leadership

„Leadership has no gender“ Mentoring Program

Dear potential Mentee,

It is time to empower women in Swiss sports organisations and increase the number of women in leadership roles. The information kick-off meeting on September 26 in Bern highlighted the strong interest in being part of this vital work: closing the gender gap in Swiss sports and achieving the goal of 40% women in leadership positions.

We are excited to invite you to apply to join the Swiss Olympic/sportif{f}/SheSkillz Global Mentoring Program via the SheSkillz Global platform.

This unique mentoring program connects female professionals in Swiss sports with experienced mentors from diverse professions at both national and international levels. Starting with the program kickoff on March 6, 2025, our mission is to empower women to pursue leadership roles, strengthen professional networks, and champion diversity in sports organisations—ultimately creating a world where “Leadership Has No Gender.”

WHY SHOULD YOU JOIN THIS PROGRAM AS A MENTEE?

This mentoring program is a joint initiative by Swiss Olympic’s Office for Equality and Diversity, sportif{f}, and SheSkillz Global. It aims to promote gender equality and diversity by actively supporting women in Swiss sports organisations. By investing in women’s professional development, sports organisations can foster equality, enhance diversity, and unlock untapped potential within their teams.

PROGRAM HIGHLIGHTS

The SheSkillz Global Mentoring Program offers a nine-month journey of growth, connection, problem-solving, and inspiration. As a mentee, you will benefit from:

- **Individual Mentorship:** Four tailored mentoring sessions with two mentors—one from SheSkillz Global and one from the Swiss sports network—designed to support your leadership development and career goals.
- **Webinars:** Every two months, webinars will address relevant topics, with opportunities for group discussions and shared insights.
- **Task Groups:** Collaborate with 4–5 other participants on a topic related to women and leadership in Swiss sports.
- **Final Event:** Present your task group projects to invited guests from Swiss sports at the program’s in-person closing event.

Participating organisations must commit to supporting your career development, providing internal guidance, and exploring career opportunities within their teams.
